Dennis Adalbert

Full-stack developer

dbadalbert@gmail.com · linkedin.com/in/dennis-adalbert-boghean-5413582b8 · github.com/adalbertdb
Valencia · Remote / on-site

PROFILE

Full-stack developer with a cross-platform profile: mobile with Flutter, backend with Spring Boot and Node.js + TypeScript, and data with PostgreSQL and Supabase. I take a product from data model to Linux deployment with Docker, and I work with AI agents inside a real process: issues, branches and documented decisions. Available for work.

STACK

Frontend	Next.js, Vue.js, Tailwind CSS
Mobile	Flutter
Backend	Spring Boot, Node.js + TypeScript
Data	Python, PostgreSQL, Supabase
Infra	Linux, Docker, Dokploy, Git, CI/CD
Agents	Claude Code, Codex

PROJECTS

Own product	**Aparcaloo · aparcaloo.com** Collaborative street-parking app: drivers report the spots they free up and others claim them in real time. Flutter and Supabase. 100+ people on the waitlist.
Personal project	**SofIA** Assistant with memory deployed as a Telegram bot. Node.js + TypeScript, PostgreSQL, Redis and the Groq API.
Odec, team of five	**google-calendar-mcp** MCP server in Java and Quarkus that connects AI agents to Google Calendar. Public on GitHub.

EXPERIENCE

Jun 2026 – Present	**Mobile app developer (freelance)** · Real-estate client Sole developer of a Flutter app (iOS and Android) to manage real-estate listings from a phone, integrated with WordPress. Work in English with an international client. Issues, branches, ADRs and PRDs.
Apr 2026 – Jun 2026	**Developer intern** · Universitat Politècnica de València (UPV) Moved an AI virtual tutor's deployment from a Windows server to Ubuntu Server with Dokploy: every commit to main now deploys itself and the university uses that infrastructure for other projects. Recommended moving from JavaScript and MongoDB to TypeScript and PostgreSQL.
May 2025 – Jun 2025	**Developer intern** · Odec In a team of five, built an MCP server in Java and Quarkus connecting an AI agent to Google Calendar. Technical lead of the group.
Mar 2024 – Jun 2024	**IT support internships** · Town council and Erasmus in Malta (MEEC) First-line support and equipment maintenance; testing of a citizen portal in an English-language workplace.

EDUCATION

2026 – ongoing	**Specialisation Course in AI and Big Data**
2026	**Higher Technician in Cross-platform Application Development (DAM)**
2024	**Technician in Microcomputer Systems and Networks (SMR)**
